

ECHO-HER

\ AMPLIFYING EVERY VOICE /

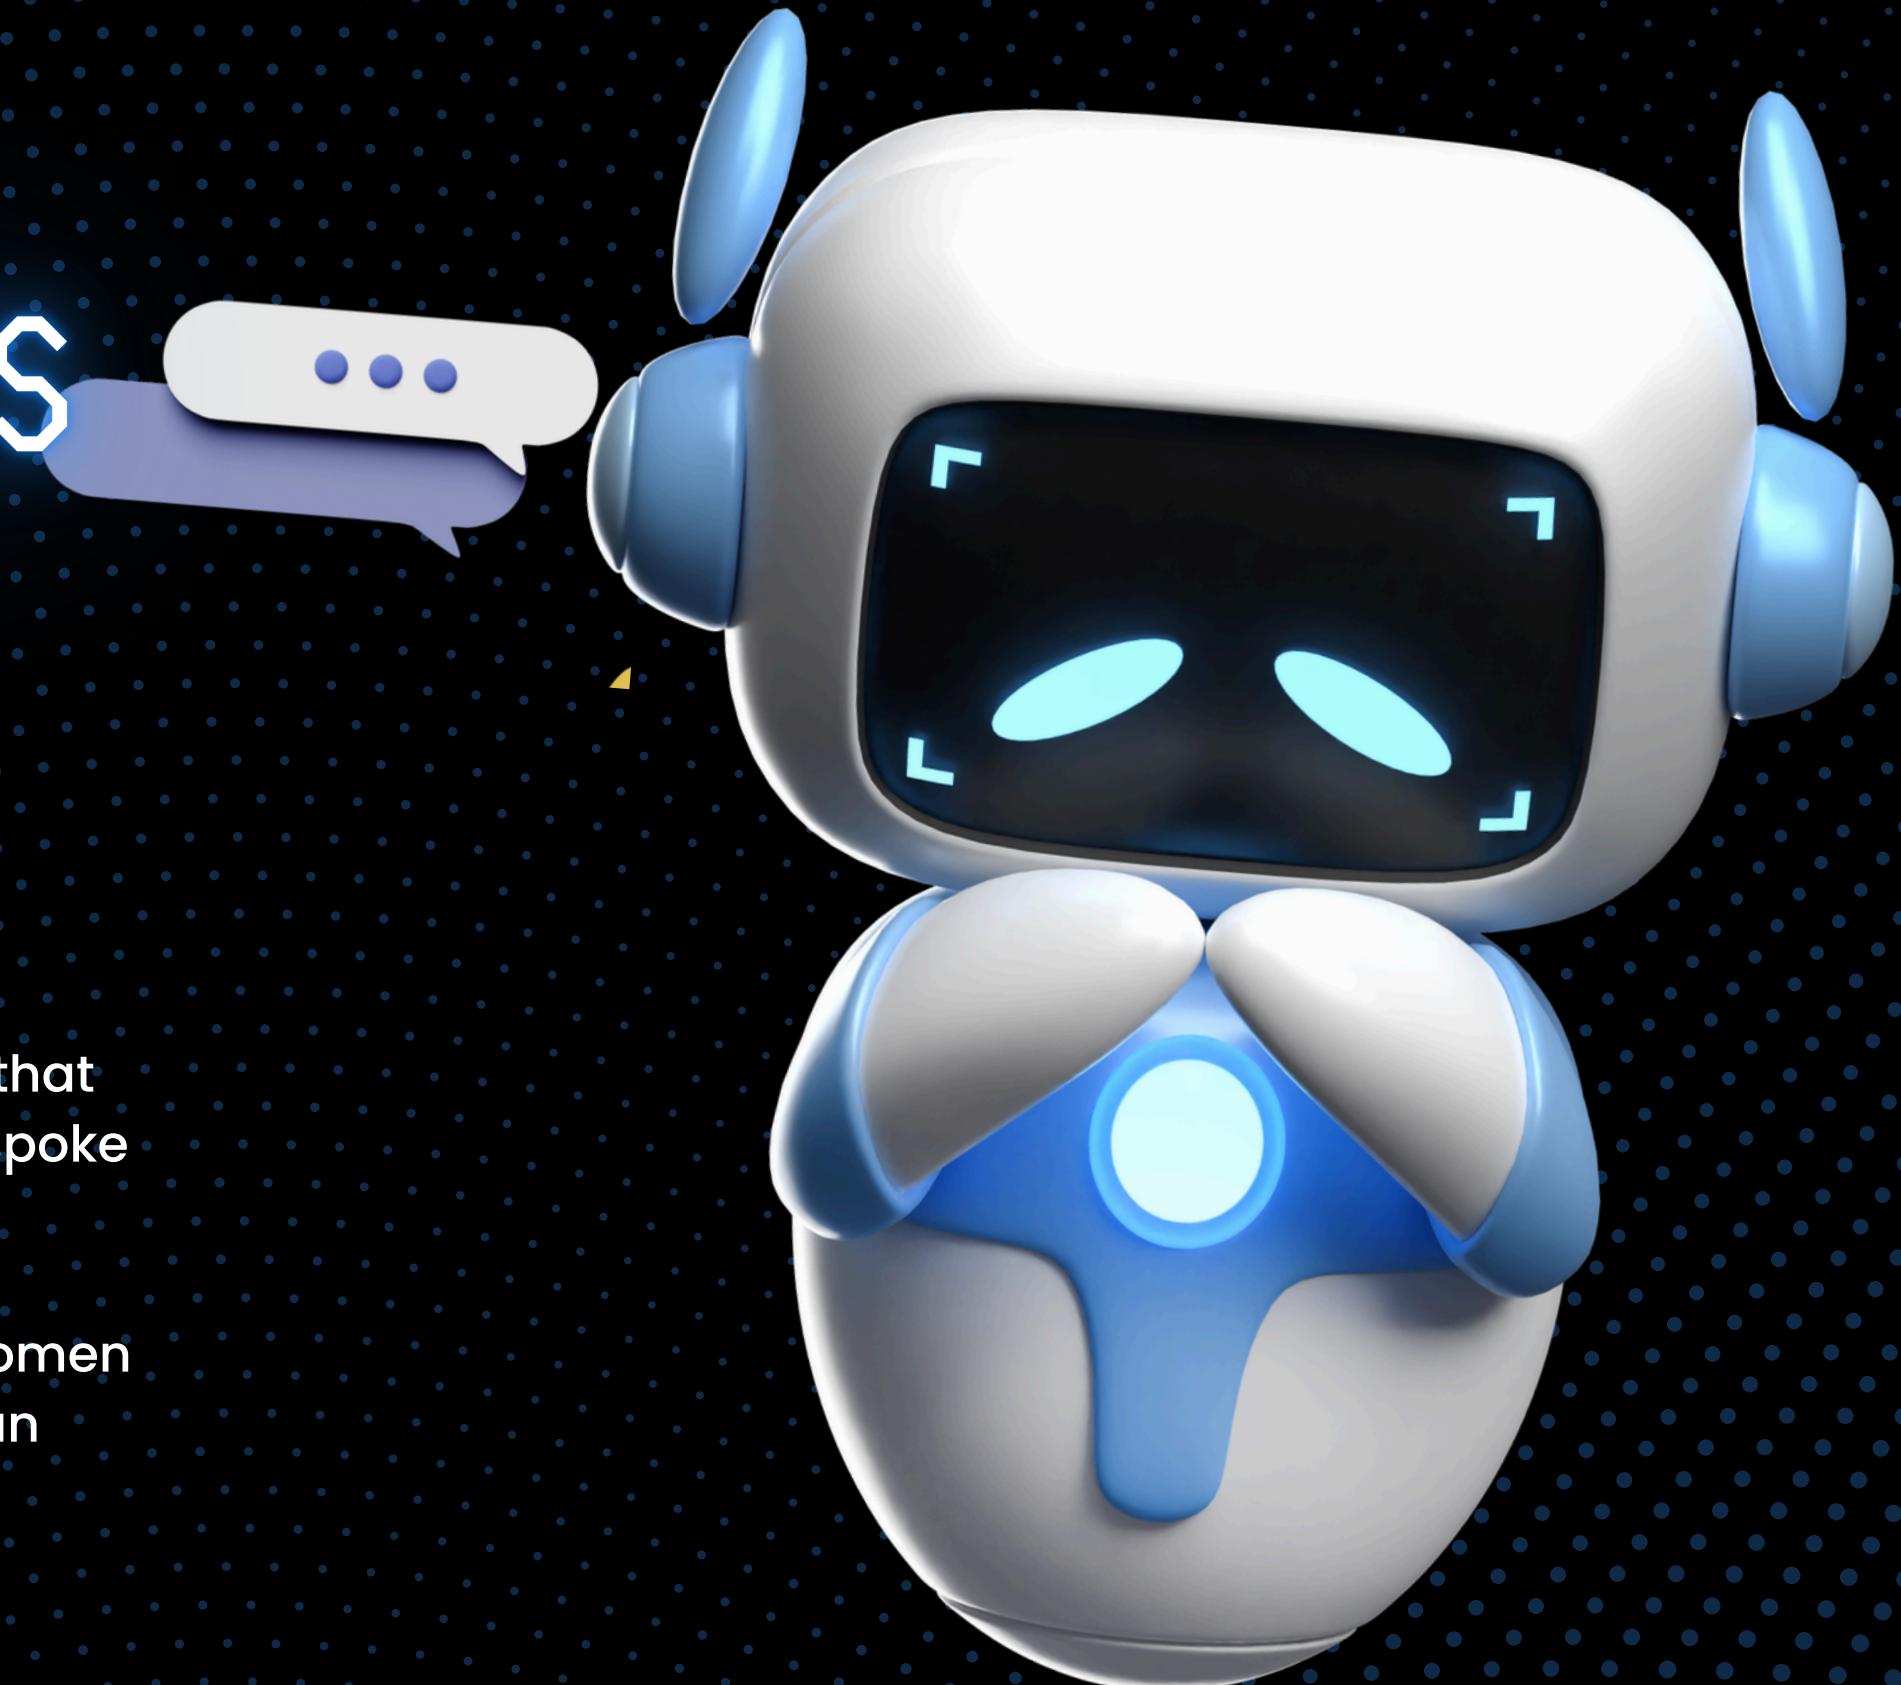

CURRENT ISSUES

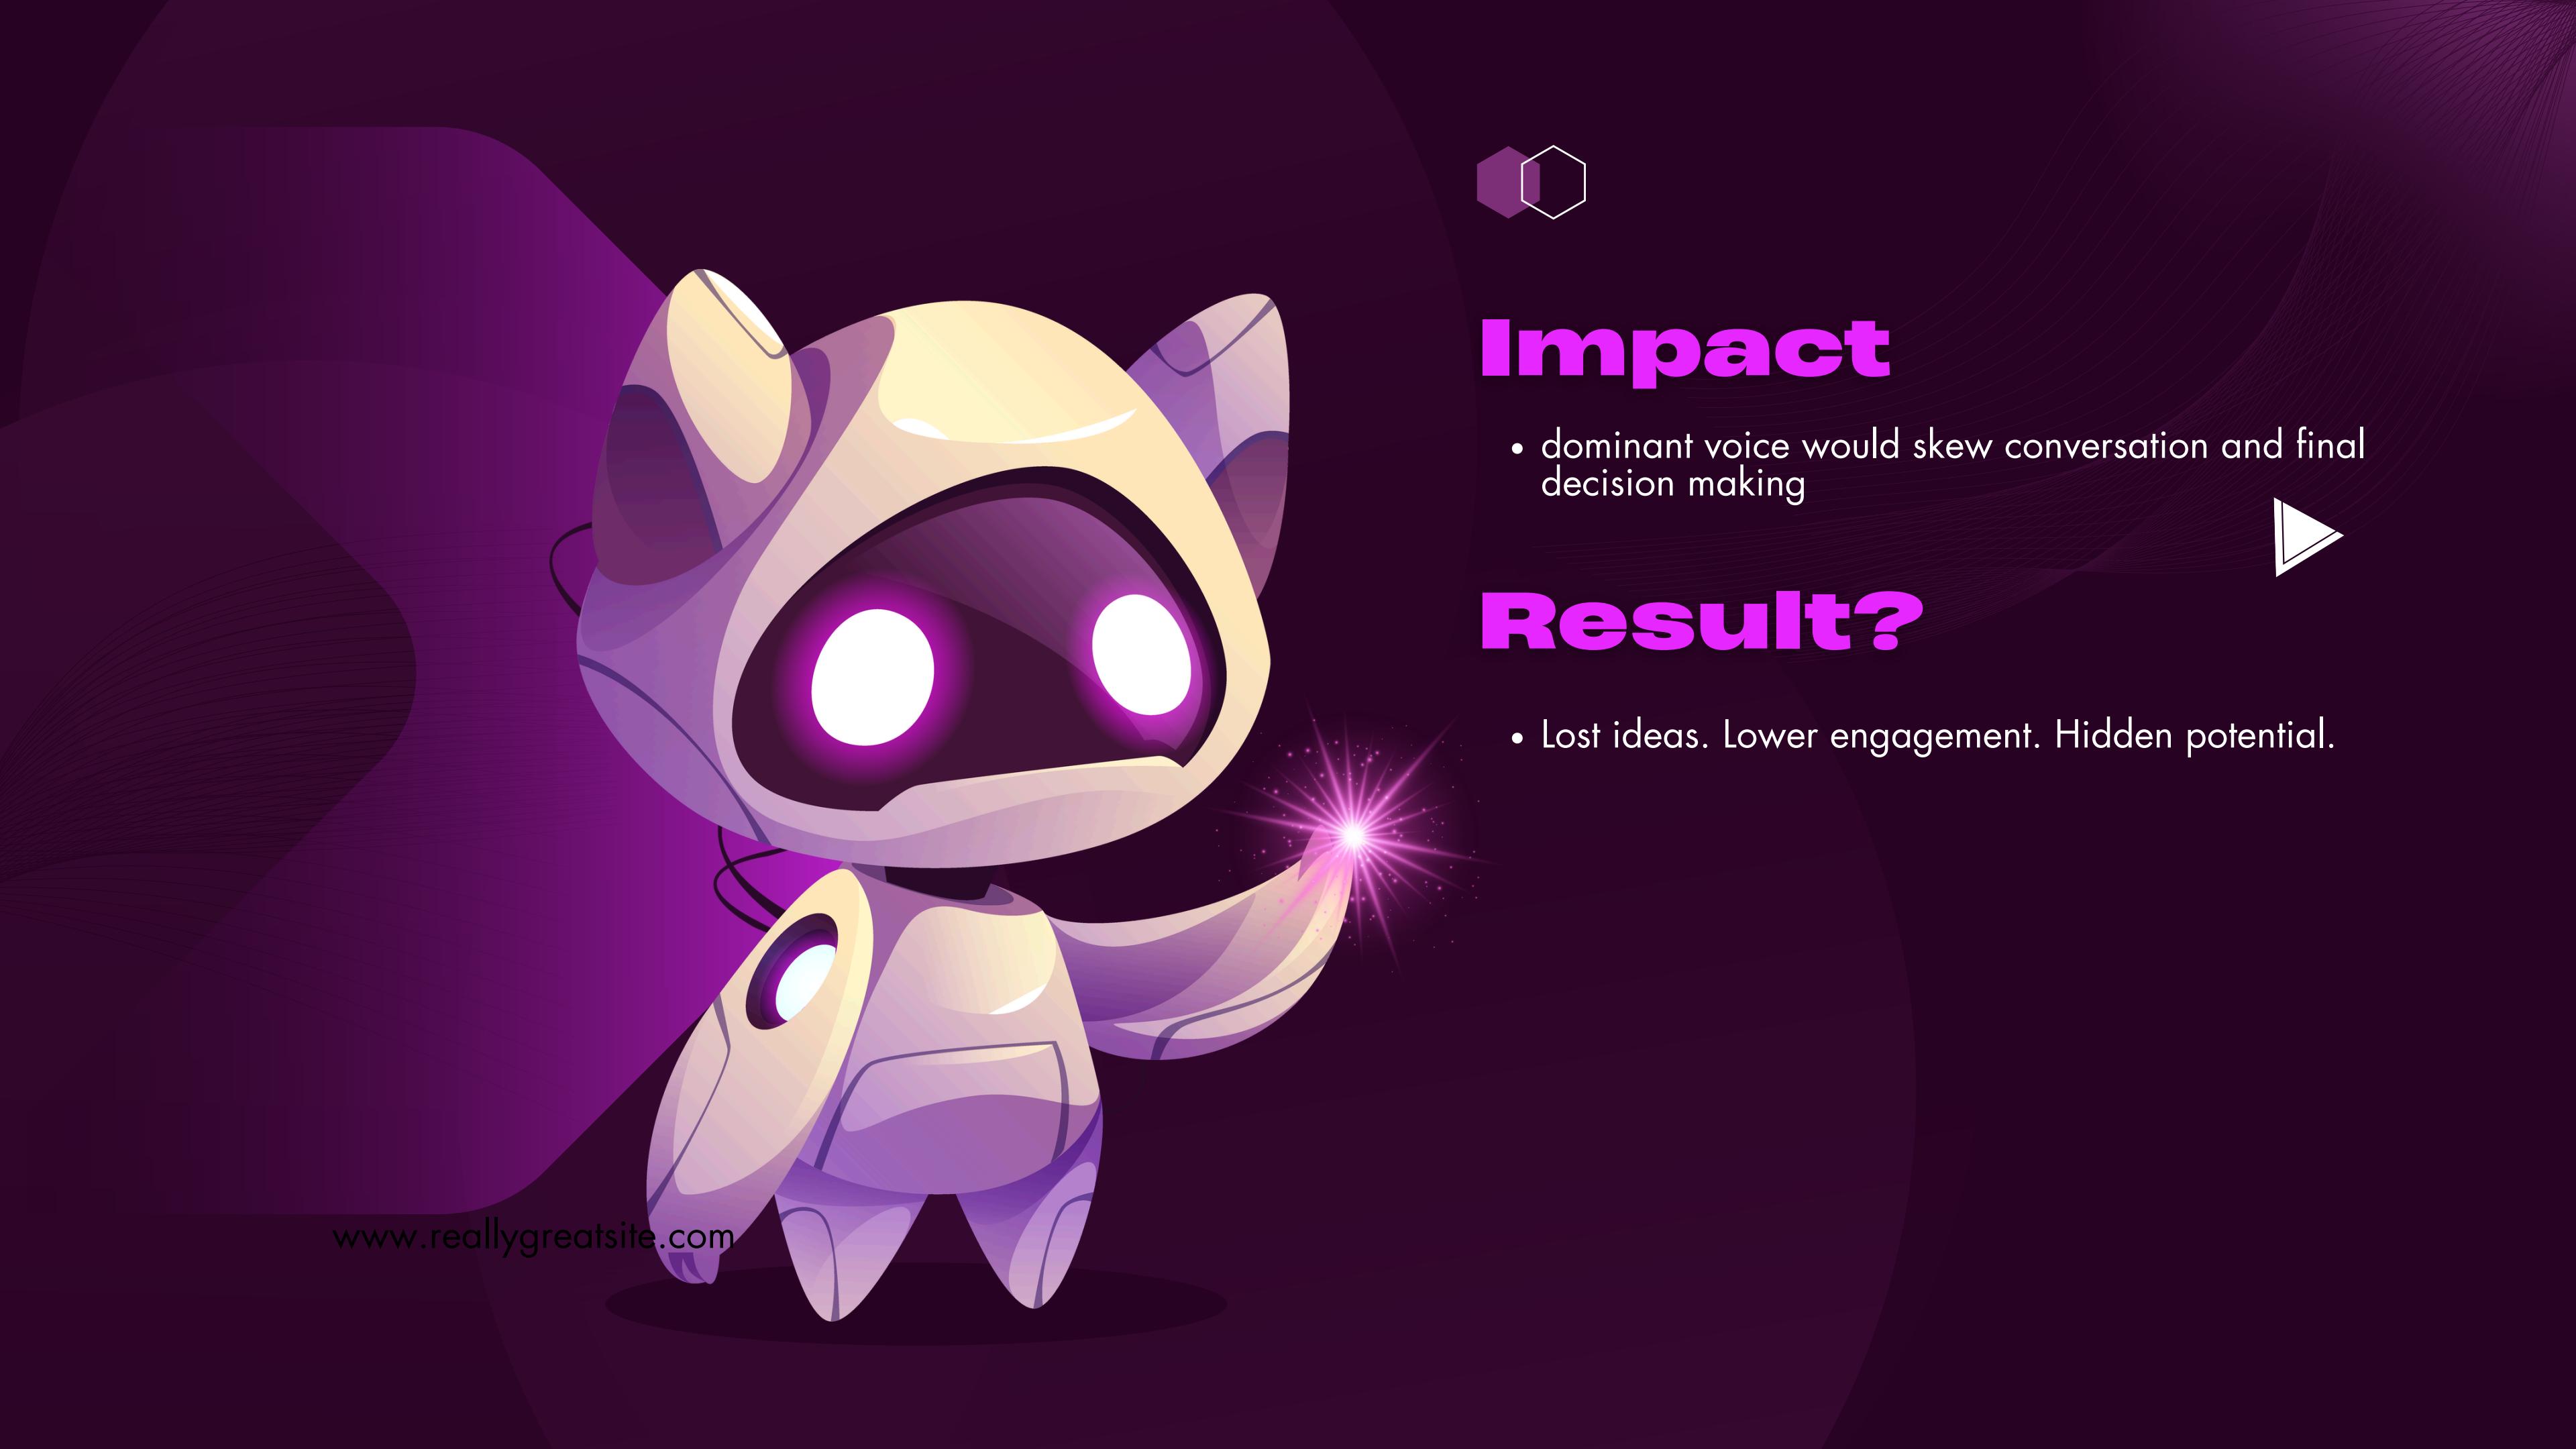

Are meeting as equal as we think?

Did you know?

A study from George Washington University found that men interrupted 33 percent more often when they spoke with women than when they spoke with other men

The 2024 report from McKinsey notes that 39% of women reported being interrupted or spoken over more than others!

Impact

- dominant voice would skew conversation and final decision making

Result?

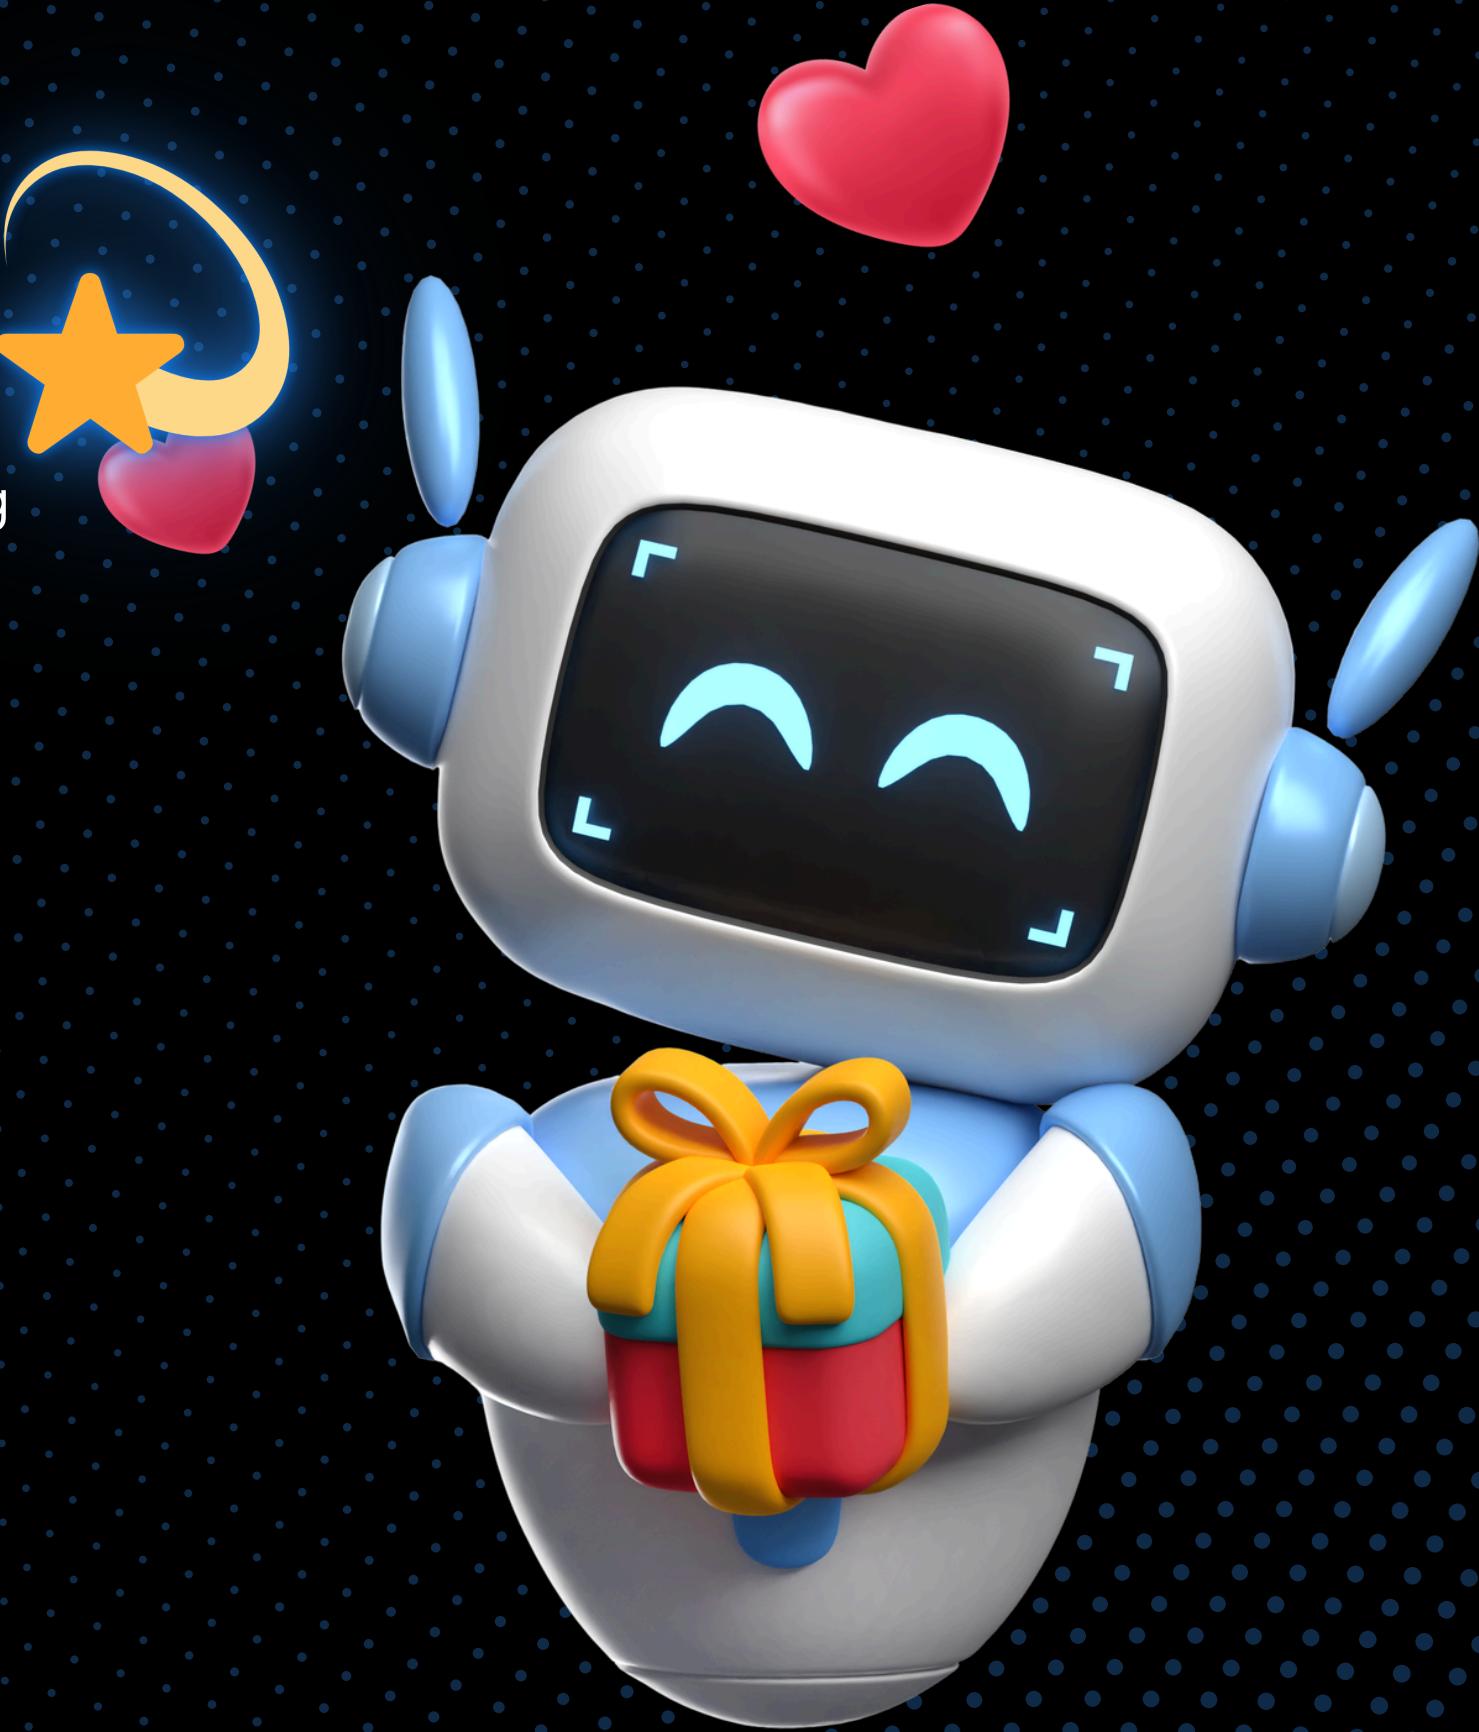

- Lost ideas. Lower engagement. Hidden potential.

OUR SOLUTION

| ECHO-HER

AI powered voice equaliser for meeting

- Post Insight into workplace meeting
 - how many interruptions occur throughout the meeting
 - % of total interruptions in the meeting
- Identify who spoke? who didn't? who was heard? who wasn't?
- Rates the speaker's effectiveness based on clarity, confidence, engagement, and delivery.
- Provides the speaker with recommendations on how to improve their performance, directed them to useful resources specific to individuals

demo of EchoHER

The screenshot shows the AWS S3 console interface. The browser address bar displays the URL: `ap-southeast-2.console.aws.amazon.com/s3/buckets/meeting-raw-dorn?region=ap-southeast-2&bucketType=general&tab=objects`. The AWS logo is in the top left, and the top navigation bar includes links for Meet, Amazon, Rules, Proc, Over, Proc, Chat, video, video, API G, Cloud, b0bh, New, and +. The user is signed in as `dorn @ aws-dorn` in the Asia Pacific (Sydney) region.

The main content area shows the bucket `meeting-raw-dorn`. Below it, there are tabs for Objects, Properties, Permissions, Metrics, Management, and Access Points. The `Objects` tab is selected, showing a count of **Objects (0)**. There are buttons for Copy S3 URI, Copy URL, Download, Open, Delete, Actions, Create folder, and Upload. A search bar labeled "Find objects by prefix" is present. Below the search bar, columns are listed for Name, Type, Last modified, Size, and Storage class. A message states: "No objects" and "You don't have any objects in this bucket." At the bottom right of the main content area is a blue "Upload" button. The footer of the page includes links for CloudShell, Feedback, and copyright information: "© 2025, Amazon Web Services, Inc. or its affiliates. Privacy Terms Cookie preferences".

FRONT END | USER INTERFACE

The screenshot displays the EchoHer front-end user interface on a laptop screen. The interface has a purple header bar with the logo "EchoHer". On the left side, there is a sidebar with the following menu items:

- Upload File
- Dashboard (selected)
- Folders
- Help

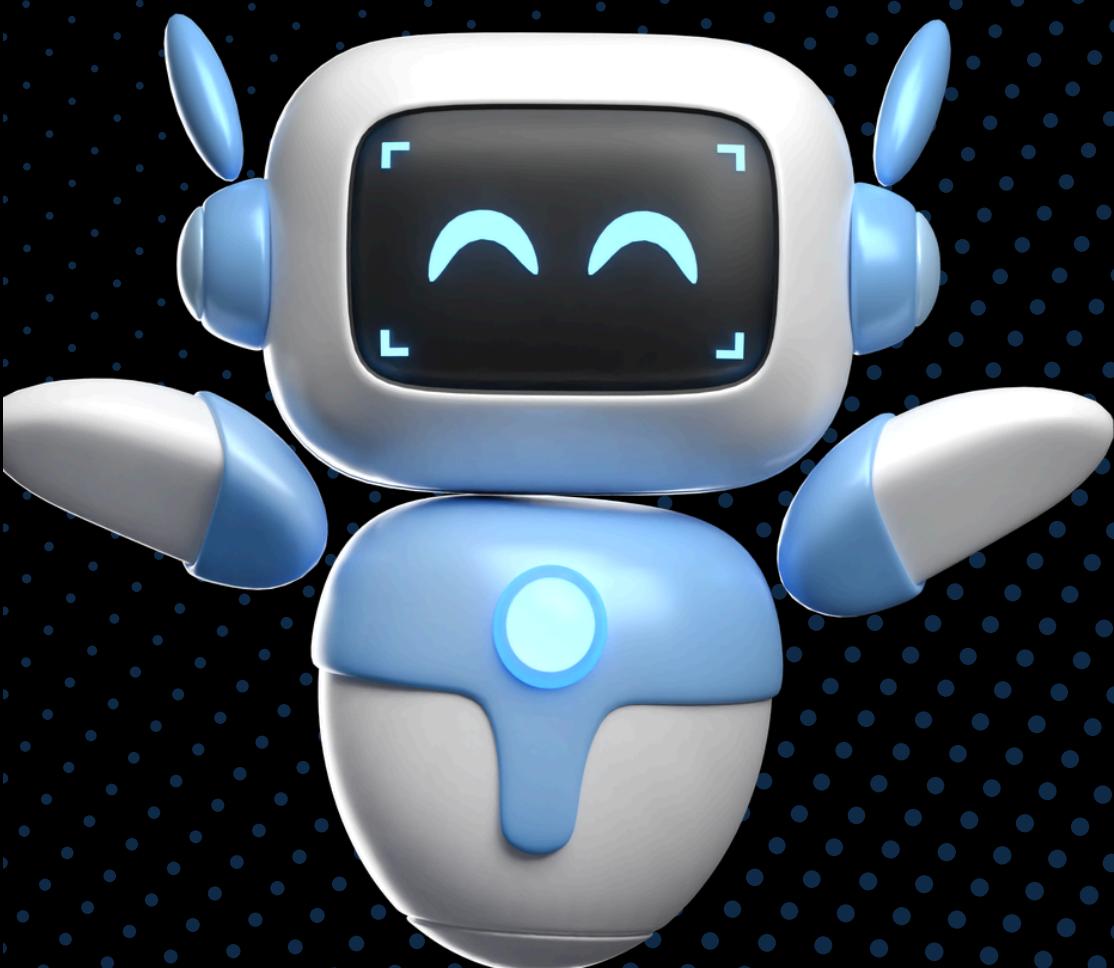

Below the sidebar, the main content area is titled "Dashboard". It features three main sections:

- Meeting Overviews:** A table showing four meetings with their names and creation dates.

Name	Date Created	...
Meeting 1	10/05/2025	...
Meeting 2	10/05/2025	...
Meeting 3	10/05/2025	...
Meeting 4	10/05/2025	...
- Recent Performance:** A pie chart showing the distribution of communication styles. The data is as follows:

Category	Percentage
Speaking	60%
Listening	17%
Interrupting	13%
Silence	10%
- Resources:** Three cards representing different learning modules:
 - Crash Course in Public Speaking:** An image of a person giving a presentation.
 - Mastering Communication Etiquette:** An image of people at a table.
 - Overcoming Speaking Anxiety:** An image of a microphone.

At the bottom left of the main content area, there are two user profile icons: "Patrick" and "Settings".

target & business model

- Diversity, Equity, and Inclusion focused organisations.
- HR teams
- leadership training providers.

Software as a Service.(SaaS): Users can try EchoHer for free with their two meeting uploads. After that, we offer flexible subscription plans tailored to individuals, teams, and enterprises.
